**L.V.W.W. ANNUAL MEETING**  
**7:30 P.M. @ OLD GIPPSTOWN**

All members and friends are encouraged to attend this meeting to enhance the great work being carried by the current committee. Is it time for you to put up your hand and take on a role to help spread the load. Of course it is!  
Same time. Same place. Same plate. Be early.

Congratulations to Maarren Poot on his prize winning entry at the recent Australian Wood Exhibition. Well done Maarren, you have set the bar for the rest of us.

President' Drivel.

Spoke to Iain Parnaby's wife Margaret today, Iain has had a second stroke in a fortnight - that's 8 so far this year, he's in LRH.  
Great to see Brian Downey, Keith Camm, Terry Pavey and Arthur Franks continue their progress on the recovery train.

Club shirts are now available and do present a pretty picture.  
Now we can at least look the part. (or try to)

You will notice the vacuum system has been dismantled and is in the process of being relocated outside. Ken Morrison's group has attacked, lookout.

Discussions with Mike Fozard have sorted out some works for action regarding our building works.

I've located the site [www.gippslandheritagepark.com.au](http://www.gippslandheritagepark.com.au) and pointed out our group under Clubs to members and to Steve Briggs. Site was news to me, even found 2007 and 2008 newsletters which I guess the Park people are posting? Would be great if we can arrange a link where a Google enquiry of wood working/turning club would lead to us in the above site. This is where Steve can be of assistance.

Cheers, Kevin

**WEEKEND ROSTER.**

--------------	--

Sounds good to me.

Bob Calhoun recently had some success at the recent Australian Scrollsaw Exhibition at Albury with his timber chain, ball and bracelet.  
Well done Bob.

---

The Yallourn North Museum recently had a display relating to the timber industry of the past and a couple of our guys supplied some tools and woodwork. Thanks Ken and Brian. This place is worth a visit at any time

---

DO NOT FORGET THE ANNUAL MEETING, AUGUST 7<sup>TH</sup>  
YOUR ATTENDANCE IS IMPORTANT AS IS YOUR INPUT.

---

Lillian and I recently returned from a train trip to Darwin and had two weeks looking around. What a bugger, 20 degree nights and 32 degree days We had a great time until we got off the plane to this weather, bloody hell!

Are you thinking about what you can do on our open day or scroll saw weekend. It is time to start thinking about these events.
